You've been on my mind for the day we meet
and ever sense that time
I can not for get
The look in ur eyes the smile on ur face
the words you spoke so soft can never be earsed
And I dont know what you can possibly see in me
but I'm glad you see something
I didn't think there was anybody out there for me
but that all changed
the moment I meet you

I know its been awhile sense we last hung out
but I will be ok that I have no doubt
and I dont know what you can possibly see in me
but I'm glad you see something
I didn't think there was anybody out there for me
but that all changed the moment I meet you

I didn't think there was anybody out there for me
but that all changed the moment I meet you
there hasn't been a time in my life
that you havent been on my mind
and I dont think there ever will (2x)
