I've thought about it over and over again but i'm just not understanding. When i asked you if something was wrong why'd you tell me it was nothing. the things i would do were never good enough for you its ok im forgetting things i would say would never get things to go my way its ok im forgetting. When you wake rest assured i will be gone I'm sure this is what you've been wanting. All the tears that have rolled down your cheek I know now that they've meant nothing.
