tell me if i'm wrong, for thinking this and
tell me if i'm wrong, for making this
our last kiss...
(our last kiss cause I smell him on your shirt)
(just don't lie cause it hurts)
shirt just dont..
(i've tried so hard to make this work)
i've tried so...
(i've given up so)
so please don't cry this time

tell me, was it worth the price you paid?
(tell me, was it worth the price you paid?)

you're making this hard
harder than it should be
(harder than it should be)
you told me, it wasn't meant to
(you told me... meant to be)
be if it was then you wouldn't have run off
with him and left me, you told me
(him and left me, you told me)
i'm not the one that you have been dreaming of
this is killing me, but at least you're happy
if looks could kill then i'd watch you die
(i'd watch you die)
you know I don't mean that
(this is killing me)
but it's what I felt that night
will he be there to catch you when you fall?
will he catch your tears
and catch them like I did?

tell me... was it worth the price you paid?
(was it...)
tell me...
(our last kiss cause I smell him on your shirt)
was it worth the price
(just don't lie cause it hurts)
you paid
(i've tried so hard to make this work)
(i've given up so...)

be if it was then you wouldn't have run off
(tell me...)
with him and left me, You told me
(was it worth the price)
I'm not the one that you have been dreaming of
(you paid?)
this is killing me but at least you're happy
(at least you're happy)

tell me... was it worth the price you paid?
(tell me... price you paid?)
was it...

be if it was then you wouldn't have run off
(tell me...)
with him and left me, You told me
(was it worth the price)
i'm not the one that you have been dreaming of
(you paid?)
this is killing me but at least you're happy
(at least you're happy)
