just tell me why  
you had to leave me like this  
another night spent alone this time  
i thought that i'd get in fine by now  
but it feels like i'm dead

just when i needed you  
you turned around and said 'we're through'  
what was i supposed to do  
you hung up on me too  
that day saying  
good bye love, hello friend

i thought we'd last forever

let's just say good night  
not it's over so good bye  
who'll wipe the tears from my eyes  
this time  
please don't say goodbye  
second chance sounds just right  
don't let it end this time  
this time

take this time to think about  
what's keeping you from keeping me  
you're all i'm thinking of  
hello friend, goodbye love

(repeat)
