Mister Mistoffelees tie dangles  
Kissed her isosceles triangles  
Slap some Burt Bacharach on me  
Teach me about your anatomy

Love between the sheets  
Show me something that's unique

Do you ejaculate after the first few minutes of  
penetration?  
Then you must read this important new information  
Baby is that where that's supposed to go?  
Looks like someone's been reading cosmo

Love between the sheets  
Show me something that's unique  
Love between the sheets  
Like love between you and me
