### "Missing You"

As the day goes by  
I feel like something's missing  
And I'm missing you  
A year since I've left  
I thought I'd get it over  
But I'm missing you  
Don't you know girl  
You're still the one  
Without you it's crazy

Don't you know girl  
You're the one  
Only you can complete me  
I thought I had it all  
I thought I didn't need you  
Now it's too late to come home  
I know I can't go back  
You found someone new  
That's just how the world seems to be  
Don't you know girl  
You're still the one  
Without you it's crazy  
Don't you know girl  
You're the one  
Only you can complete me

Bridge:

Never felt so good  
Never felt so fine  
When you were mine  
Everything was right  
Now everything is gone  
I'm missing you  
Don't you know girl  
You're still the one  
Without you it's crazy  
Don't you know girl  
You're the one  
Only you can complete me  
Don't you know girl  
You're still the one  
Without you it's crazy.
