Come on everyone the finishing song

I don't feel at home in the eye o' the dug
I don't feel at home in the animal sanctuary

Tell 'em what happens when you come out of your
house

Cause when you come out of your house
Walking into town, feeling pretty happy
Your two inches off the ground

With a little funny man with a little flat cap
His little white shoes with furry white tackles on
He's about one inch off the ground, one inch off the
ground

But he skins your face, and puts you into his mixed
race category
This is where we come from and this is the song

This is the town where we all come from, it's an animal
sanctuary
This is the town where we all come from, it's an animal
sanctuary

It's got a little white barn (bar?), it's got a little white
barn (bar?)
Nobody helps you out, nobody helps you out

It's the eye o' the dug
It's the eye o' the dug
It's the eye o' the dug
It's the eye o' the dug
It's the eye o' the dug
It's the eye o' the dug
It's the eye o' the dug
You will like it here
You will like it here
I knew they'd like it I knew they'd like it
