Get your motor running

Head out on the highway

Looking for adventure

And whatever comes our way
Here and god are gonna' make it happen

Take the world in a love embrace

Fire all of your guns at once and

Explode into space
I like smoke and lightning

Heavy metal thunder

Racing with the wind

And the feeling that I'm under
Here and god are gonna' make it happen

Take the world in a love embrace

Fire all of your guns at once and

Explode into space
'cause you're a true nature child

We were born, born to be wild

We can climb so high

I never want to die
Born to be wild

Born to be wild
Get your motor running

And head out on the highway

Looking for adventure

And whatever comes our way
Here and god are gonna' make it happen

Take the world in a love embrace

Fire all of your guns at once and

Explode into space
'cause you're a true nature child

We were born, born to be wild

We can climb so high

I never want to die
Born to be wild

Born to be wild hey hey, ow!
