Survival of the fittest, baby
Yeah, you thought that life was so damn easy
You try to run before you crawl
Yeah, you're innocent 'til they prove you guilty
Got yourself some bad information
A victim of ill communication
You can run, but you just can't hide
Baby you gotta let it ride

Guilty,
Steal your
Steal your heart

You burn brightly in the darkness, alone
You burn brightly in the dark

Got yourself some bad information
A victim of ill communication
You can run but you just can't hide
Baby you gotta let it ride

Guilty,
Steal your
Steal your heart

You burn brightly in the darkness, alone
You burn brightly in the dark

Run on our own
Run so far, so our hearts stop breaking
Run on our own
On our own

You burn brightly in the darkness, alone
You burn brightly in the dark

Run on our own
Run so far, so our hearts stop breaking
Run on our own
On our own
