I look at this place where you buried. The end. Is it possible? Cross rises over your body. This wait for me. Is it possible? I remember your hair That lied long strands Only rain can pet that. Is it possible? Why are you going in the dark Carry off a beauty, caress and love I remember your eyes

Like a two deep lakes Only earth can pet that Is it possible? Why are you going in the dark Carry off a beauty, caress and love The dusk comes I go away nobody no here Black raven sing a song And flower cry, at your fate Are you dreaming about? I don't want but you?
