Verse 1

I'm gonna get you, no matter what I do
I'm on a mission, my destination is you
My love is coming, I'm aiming for your heart
There'll be no running, I'll stop you where you are

BRIDGE

No matter how long it takes
No matter how long I'll wait
I'm gonna get back to you
No matter how long it takes
No matter how long I'll wait
Because my loving is true
I'm the gangster of love

Verse 2

The crime of passion, has got me hooked on you
I'm an assasin, I'll take your heart from you
You'll be a victim, my love is first degree
It's just like murder, to fall in love with me

No matter how long it takes
No matter how long I'll wait
I'm gonna get back to you
No matter how long it takes
No matter how long I'll wait
Because my loving is true
I'm the gangster of love
