Just want to be free  
To be me and let my hair down sometimes  
I know god is watching me  
So I go through life trying to treat folks right  
Got love for those who got love for me  
And those who don't I pass by  
Don't ask why  
Don't criticize

(Chorus)

My philosophy my reality  
My philosophy my reality

Got to keep track of time  
Cause I know that time  
Waits for no one  
Look around for change and all  
I see is that change is a slow one  
Lost souls who've lost control  
Tell me are they wrong takes  
One to know one  
Cause is this life the strong survive

(Chorus)

My philosophy my reality  
My philosophy my reality

Why is it the white house  
Instead of the house of the president  
I'm here thirty eight years  
And I want to see a minority resident  
Would it blow your mind  
If color become irrelevant  
I won't lie I wish you'd try

(Chorus)

My philosophy my reality  
My philosophy my reality
