Verse 1

Sittin' back thinking will there ever be
A day when the world lived in harmony
No problems with color or the clothes you wear
Respect ove and honor people everywhere
No problem with religion
'cause there is just one god
Got to recognize just who we are,
We are one...

Hook

One people, one race
One color, one face

Verse 2

Business trouble may come around
Feel like double
Don't let it get you down, no
Trials come and trials go
Got to be a soldier
Only way you'll grow
Be ready to stand up
Before the morning sun
And prepare your body
For the day to come
Ther's just one message
For every morning sun
Thet we're thankful
We are one...

Hook

One people, one race
One color, one face
