"The Same Deep Water As You"

Kiss me goodbye pushing out before i sleep
Can't you see i try swimming the same deep
Water as you is hard "the shallow drowned lose
Less than we" you breathe the strangest twist
Upon your lips "and we shall be together..."

"kiss me goodbye bow your head and join with
Me" and face pushed deep reflections meet
The strangest twist upon your lips and
Dissapear the ripples clear and laughing break
Against your feet and laughing break the mirror
Sweet "so we shall be together..."

"kiss me goodbye" pushing out before i sleep
It's lower now and slower now the strangest
Twist upon your lips but i don't see and i don't
Feel but tightly hold up silently my hands
Before my fading eyes and in my eyes your
Smile the very last thing before i go...

I will kiss you i will kiss you i will kiss you
Forever on nights like this i will kiss you i will
Kiss you and we shall be together...
