One million miles away
These dinosaurs are here to stay
Late at night in my room
And I got scared and I scream myself to sleep
But I know that everything is fine
Yeah everythings just great
If I'm awake
One million miles away
These aliens are here to stay
Late at night in my room
And I got scared, I scream myself to sleep
But I know that everything is fine
Yeah everythings just great
Coz I'm awake
Awake awake if i'm awake
Heeeeeeeey!
If I'm awake
Awake awake if I'm awake x4
