Sleepy news in yesterday  
I wrote it to you  
Before I left I had to say  
What does it mean?  
I left my house at  
Half past eight  
What did I leave for?  
And then I went into the town  
Beneath my kingdom  
Chorus: (x2)  
There I am  
I'm dead and you  
Killed me  
Sleepy news I paint the fence  
For all my people  
I try so hard to not offend  
But fuck you too  
Believe me when I try to say  
The good Ive done for you  
The reason I forget to keep  
The troubles in my mind  
Chorus (x2)  
Sometimes I lie outside  
Chorus (x2)
