"The Bats Of Darkwell Lane"

In Darkwell lane
There's bats in the sky tonight
They breathe the same
And we come to life at night
Our eyes become bright
Fly all the night
Sleep when it's light
Fly all the night
Sleep when it's light
They seem insane
To circle for hours and hours
What's in their brains
But dreams of the sea, relief
Can we get some sleep
Fly all the night
Sleep when it's light
Fly all the night
Sleep when it's light
Fly all the night
Sleep when it's light
Fly all the night
Sleep when it's light
