"Who's Coming Through The Window"

Tense is what I felt inside of my head on Monday
I had to prove my research.
Whose coming...
Y'know it doesn't make much sense how I keep losing
all my t-shirts

The sun shines in other skies
The moon rise, I'm hypnotised
Who's coming through the window?
Take a look around
Take a look around
There's a lot to see

I got an eight foot man an the side of the road singing I
can count to three!
Y'know it happened to me once again last Thursday
and viva la resistance
The sun shines in other skies
The moon rise, I'm hypnotised
Who's coming through the window?
Take a look around
Take a look around
There's a lot to see

I got an eight foot man an the side of the road singing I
can count to three!
Listen up to lighten up
Take a look around
Take a look around
There's a lot to see
I got an eight foot man an the side of the road singing I
can count to three two iwaaooah!
