And I looked  
I looked up at the stars  
and found the brightest pair  
the ones I could compare  
to your eyes and then  
As nightfall turned to day  
I watched them fade away  
As nightfall turned to day  
I watched you fade away  
Never will I  
let go of what I love  
and what she means to me  
the reason I can't sleep  
is the reason I miss her  
It's a feeling that no words  
will never be enough  
will never be enough  
will never be enough

Another lonely night  
without her by my side  
take all that I am  
I'm wishing you goodnight  
another lonely night  
without her by my side  
take all that I am  
I'm wishing you goodnight

43 minutes past one  
Do you remember that time  
I'll give you all that I have  
I'll give you all that is mine  
I'll keep my promise sincere  
I'll keep the thought of you near  
I'll be there every time  
just like the shine of your eyes

Another lonely night  
without her by my side  
take all that I am  
I'm wishing you goodnight

Another lonely night  
without her by my side  
take all that I am  
I'm wishing you goodnight.
