Doing time for a crime that he didn't commit  
The look of a man that the man don't fit  
Now he's in the penitentiary  
When an honest man now should be living free  
He said to break it would take three years or less  
They cut his time in half if he did confess  
But it's hard now to understand  
When you're living a life of an honest man and he said

It will only take me  
Three little years or less  
They cut my sentence right in half, man  
If I were to confess and I say  
I ain't going to do it  
Just now to save my pride  
Confessing would be nothing but a dirty dirty lie

La da da da...

Less then 3 turned to 33  
33 turned to 34  
When he finally broke out the prison walls  
He was up for his own parole  
And he saw the new world of calamity  
And didn't like what it had become  
He said it changed in oh such a terrible way  
From the era where he came from and he said

It will only take me  
Three little years or less  
They cut my sentence right in half, man  
If I were to confess and I say  
I ain't going to do it  
Just now to save my pride  
Confessing would be nothing but a dirty dirty lie  
Yea yea

La da da da...
