I hear the clock from the wall, here comes the night.
We got all the love in control to make it right. With you,
baby,
bless your soul, you know you keep a man from getting
old.

BABY, IT'S YOU. BABY, IT'S YOU, you, baby.

I breathe the air, sweet perfume. We see the moon.
Misty shadows mold your body in the room. All through
the years,
far as I can see, it's me loving you and you loving me.

BABY, IT'S YOU. BABY, IT'S YOU, you, baby.

All in your arms is a wonderful thing, a natural
sensation,
makes my body sing. We're two groovy people, baby,
you don't know, dancin' to the music, movin' two and
four.

Just lay in my face all upon your breast. Floats me
above the
world and I must confess,

,BABY, IT'S YOU YOU YOU. BABY, IT'S YOU YOU YOU.
BABY, IT'S YOU YOU YOU YOU you (you) you (you).
BABY, IT'S YOU YOU YOU. BABY, IT'S YOU YOU YOU you
you you
you you you. Baby, it's you you you. Baby, it's you you
you you
you you you you you you you you you. Baby, it's you you
you you
you you. Baby, it's you you you.
