We got have peace  
To keep the world alive  
And war to cease

We got to have joy  
True in our hearts  
With strength we can't destroy

People hear us  
Through our voice the world knows  
There's no choice

We're begging, save the children  
The little ones  
Who just don't understand

Give them a chance  
To breed their young  
And help purify the land

People hear us  
(People hear us)  
Through our voice the world knows  
There's no choice

And the people in our neighborhood  
They would if they only could  
Meet and shake the other's hand  
Work together for the good of the land

Give us all an equal chance  
It could be such a sweet romance  
And the soldiers who are dead and gone  
If only we could bring back one

He'd say, "We got to have peace  
To keep the world alive  
And war to cease"

We got to have joy  
True in our hearts  
With strength we can't destroy

People hear us  
(People hear us)  
Through our voice the world knows  
There's no choice

And the people in our neighborhood  
They would if they only could  
Meet and shake the other's hand  
Work together for the good of the land

Give us all an equal chance  
It could be such a sweet romance  
And the soldiers who are dead and gone  
If only we could bring back one

He'd say we got to have peace  
We got to have peace  
Let the world know

Peace, peace, peace  
We got to have peace

People hear us  
Through our voice the world knows  
There's no choice

Save the children, save the children  
Save the children

And the people in the neighborhood  
They would if they only could  
Meet and shake the other's hand  
Work together for the good of the land

Give us all an equal chance  
It could be such a sweet romance  
And the soldiers who are dead and gone  
If only we could bring back one

Say we got to have peace  
Got to have peace

Let the people sing it  
Peace, peace, peace  
We got to have peace

I say peace, peace, peace  
Ah, we got to have peace  
Peace, peace, peace  
Ah, we got to have peace
