I'm trying to find a moment with You
These days are speeding by
This ring gives me a new point of view
I'm a dealer of my time

And if I can make a confession
My time is torn between
The man who has won my affections
And the God who made me

And oh, it all looks different
But that doesn't mean anything has changed

'Cause still I, I reach for You
When I, I am afraid
And this breath that comes from You
Helps me say Your name
Helps me say Your name, yeah, yeah

I look at the life of Anna
Your presence was her home
I look at the life of my mother
Praying on her back porch

Oh, it all looks different
But that doesn't mean anything has changed

'Cause still I, I reach for You
When I, I am afraid
And this breath that comes from You
Helps me say Your name
Helps me say Your name, yeah

One day very soon, face to face
I'll give an account of my time to You, to You

So I will reach for You
When I am afraid
'Cause this breath that comes from You
Helps me say, yeah
Helps me say, yeah

'Cause still I, I reach for You
When I, I am afraid
And this breath that comes from You
Helps me say Your name
Helps me say Your name
Helps me say Your name
Helps me say Your name, yeah, yeah

I'm trying to find a moment with You
These days are speeding by
