I hear a voice calling out
I hear a voice in this wilderness
Where darkness has reigned for so long
Ground is being taken

The trumpet sounds
And Your glory touches the ground
And we all stand in awe
Who is this? This glory far beyond us
I hear a voice

I hear a drum beating, Heaven's drawing near
The sky will open up, people being healed
I hear a drum beating, Heaven's drawing near
The sky will open up, people are being healed
I hear a voice

Heaven's battle cry, rise
See the sun light what was hidden
Heaven's heartbeat, see it moving
What was a whisper is now
A voice calling out

I see a generation rising up
No longer accepting lies
Running to the battlefield
And losing their lives

I see a generation rising up
No longer accepting lies
As a band of worshipers run to the battlefield
They're finding their lives
They're finding their lives
I hear a voice

Heaven's battle cry, rise
See the sun light what was hidden
Heaven's heartbeat, see it moving
What was a whisper is now
A voice calling out

Heaven's battle cry, rise

See the sun light what was hidden
Heaven's heartbeat, see it moving, it's moving
What was a whisper is now, is now
A voice, voice calling out
