Girl you need to know this now
even though it may not show
but i still love you more and more each day
sometimes i can be so harsh
sometimes you can be so harsh
its ok to say we always thought it would be fine.

girl i know we let things come between us now
but you know i still fall for you each day its true
but still i want you by my side
if you still want me by your side
we can find some way to make things work again some
how

darling i need you to forget everything
oh darling i need want you to come back home again

girl i'd like to let you know that although i'm so unkind
i'm still fond of you and thats the truth
i know i know i can't pretend to know exactly what you
want

i still want you by my side
if you still want me by your side
we can find some way to make things work again i'm
sure

darling i need you to forget everything
oh darling i need want you to come back home again

oh girl you need to know even though it may not show
but i'm still fond you yeah i'm still fond of you
oh girl you need to know even though it may not show
but i'm still fond you yeah i'm still fond of you
oh oh

darling i need you to forget everything
oh darling i need want you to come back home again

oh darling i need you to forget everything
oh darling i need want you to come back home again
