

## **Cut The Shit "No Integrity"**

Visit "[No Integrity](#)" on MotoLyrics.com

A DIY facade with a high price at the door,  
you preach "support the scene" while you're killing the  
core!  
contracts and buy-outs?  
you're a sellout with no integrity!  
that's not what hardcore is about,  
you fucking suck and you're everything i hate!

who cares about convictions as long as you get paid?  
you're a walking contradiction of everything you say!  
contracts and buy-outs?  
you're a sellout with no integrity!  
riders and trailers?  
i say fuck you,  
you've got no integrity!
