Life's got me beat, there's no end in sight.  
i accept my fate because i dont have the strength to  
fight.  
i would try harder next time, but the results would be  
the same.  
my life's ruled by anger, sorrow, and pain.  
and there's no way out from my constant frustration,  
i can feel my whole world caving in.  
no way out of this fucking rut,  
there's no way out!  
don't try to console me, i don't care what you say.  
there's no hope for tomorrow when i can't stand today.

i can't go out cause this whole world's against me,  
i can't stay in cause i'm my own worst enemy!  
and there's no way out from my constant frustration,  
i can feel my whole world caving in.  
no way out of this fucking rut,  
there's no way out!  
they keep telling me things will get better,  
but they keep getting worse.  
this is more than a streak of bad luck, it's a fucking  
curse!
