You ask me why i missed out on friday night's show,
well you're the reason i didn't go!
you mosh all abnoxious and dance like a jerk,
but you're the first to point fingers when somone gets
hurt.

i've had it up to here with your antics an girl politics.
there's more to feminism than just calling men pigs!
you want to blame all your problems on the opposite
sex,

but you're the problem, that's what you don't get.
if you think reverse sexism is changing the world,
well, you're not changing anything except for dividing
the girls and the boys of this scene with hatred and
name calling.
don't you fucking get it?
