Closed up from him you didn't need the pain,
Once or twice he cheated but it was the same,
And time started to pass, & you wanted to kill him, oh,
But somthing happend, and he dumped you for the like
3rd time,
For a greesy lice bag, and I swear it's true,
And everyone was looking around thinking he was
crazy, oh yea,
(Chorus)
And I don't care what they say,
I want to kill him now,
I'll take the jail and the pays,
But they don't know the truth,
That he's smokes weed, and partys with all of the preps
and,
Imma cut him open tonight, and he'll
Keep bleeding, keep keep bleading a lot
He'l keep bleeding, keep keep bleading alot,
Keep bleeding, keep keep bleading alot,
I'll cut him open, ohh.
I'm trying hard for no one to hear, but he sceams so
loud,
His percing sounds, fill my ears, and fill me with doubt.
Yet I know, that the goal is so keep him from living, oh
But nothing greater to see the scared look on his face,
And in his world of lonliness, he feels his pace.
& when I'm done, I'm gunna be awarded, maybe,
Maybe!

(Chorus)
And I don't care what they say,
I want to kill him now,
I'll take the jail and the pays,
But they don't know the truth,
That he's smokes weed, and partys with all of the preps
and,
Imma cut him open tonight, and he'll
Keep bleeding, keep keep bleading his fear
He'l keep bleeding, keep keep bleading his fear
Keep bleeding, keep keep bleading his fear,
I'll cut him open, &
And he will put the blame on me,

If he makes it out alive, but there will be blood on his
clothes
For his mommy to see,
(Chorus)
And I don't care what they say,
I want to kill him now,
I'll take the jail and the pays,
But they don't know the truth,
That he's smokes weed, and partys with all of the preps
and,
Imma cut him open tonight, and he'll
Keep bleeding, keep keep bleeding his fear
He'll keep bleeding, keep keep bleeding his fear
Keep bleeding, keep keep bleeding his fear,
I'll cut him open, ohh.
Keep bleeding, keep keep bleeding his fear
He'll keep bleeding, keep keep bleeding his fear
Keep bleeding, keep keep bleeding his fear,
