You would not believe your eyes
If ten million boogy men
Came at your eyes as you fell asleep
Old men come from paper clips
& Left cum drops everywhere
You may like tin cups
But I like apple cores

(Chorus)
I'de like to make myself believe
That metal spoons like flowers
It's sad to say that I'd rather eat paper than a hotdog
Cause all giants like the atlantic sea

Cause I get a thousand hugs
From ten million grasshoppers
As a baloon just tried to dance
A red dork from outerspace
Giant sock under my bed
A can of paint is just laying by my head

(Chorus)
I'de like to make myself believe
That metal spoons like flowers
It's sad to say that I'd rather eat paper than a hotdog
Cause all giants like the atlantic sea

Let the tiny flower eat a bag, (Please take a nail from her)
Cause I feel like such a painted rock (Please take a nail from her)
Why do I drink random bags of milk (Please take a nail from her)
When I'm far too tierd to straighten hair

Long wierd extention cords
I'm weird cause I like earrings
I got real sore legs as they ate apples
But I'll know where hatches are
As my cup gets real bizzare
Cause I saved a bug now I keep him in a jar

(Chorus)

I'de like to make myself believe
That metal spoons like flowers
It's sad to say that I'd rather eat paper than a hotdog
Cause all giants like the atlantic sea

I'de like to make myself believe
That metal spoons like flowers
It's sad to say that I'd rather eat paper than a hotdog
Cause all giants like the atlantic sea

When you fall asleep
I'de like to make myself believe
That metal spoons like flowers
It's sad to say that I'd rather eat paper than a hotdog
Cause the buf in the jar is dying
