You have all of that flubber,
And it makes you hot,
And makes you sweat in da summer,
Oh yes, I said flubber, chubby and fat,
How do you like that?
Oh yes we all called you fat.

Logan, I never really liked you,
And I always used you,
You got the bling, but just not that thing
You are just to clingy,
And ou know that thingy,

And again, you have stubby toes...

(Chorus)

Logan, you know that I hate you, and I wanna kill you
tonight,
But I can't right now, and that you have some issues.
Fag you know that it's true, your jelous of our castle,
So you went and told on us, and now we hate you,
Yeh we hate you, oh yes, now we hate you, now we
friging hate you,
So I'll kill you with my gun.
