

Cyber Bully

"Your New Worst Fear"

Visit "[Your New Worst Fear](#)" on MotoLyrics.com

So, I'm a bad person, you don't like me, I guess I'll do
my own thing.
It's addiction, a mean cycle & I can't excite anymore.
Wheres your girl friend, your best friends, what's your
excuse this time?
Your not a tank, but if your gonna beat me, send me to
another school.

Don't wanna hear your gay songs, I want to see you
hurt.
You say I'm racist, you know I'm not that sane, not that
sane.
No I'm not, that sane.
So you tell me to shut up, & to just let you go,
I guess you can't except me, the transfers good, it's
good, it's good.

Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my
way out.
Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my
way out.

Cyber bully's your new worst fear,
Cyber bully's your new worst fear,

That's not the best thing, that could of happened.
Any longer, we wouldn't of made it.
It's not a war, no it's Sherwood park.
I was just a student, but you can't beat me.
Those same words that, once fooled me, wont get you
anywhere.
I'm just different from your memory, now I can beat for
myself.

Don't wanna hear your gay songs, I want to see you
hurt.
You say I'm racist, you know I'm not that sane, not that
sane.
No I'm not, that sane.
So you tell me to shut up, & to just let you go,

I guess you can't except me, the transfers good, it's good, it's good.

Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my way out.

Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my way out.

Cyber bully's your new worst fear, Cyber bully's your new worst fear,
Cyber bully's your new worst fear, Cyber bully's your new worst fear,

Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my way out.

Well, I treat you just like, another victim,
It's nice to make you cry, I guess I'll go, I best be on my way out.
