Bottle blondes and beach boys
Might marvel at the size
But honey something that big
You now the best don't advertise

Has no one ever told you
You gotta body build to last
But with that 15 storey dead stop
You're going nowhere, and fast

10-20-30-40, 15 storey halo
10-20-30-40, 15 storeys high
10-20-30-40, 15 storey halo
10-20-30-40, 7 miles wide, 7 miles wide

Ask a judge and jury
Joe find me 12 just men
We're gonna bottle up their fury
Make sure it don't happen again

All the rebel boys got payrolled
Now they're queuing outside the bank
Like 14 carat Playboys
On a trans cool trans world tramp

10-20-30-40, 15 storey halo
10-20-30-40, 15 storeys high
10-20-30-40, 15 storey halo
10-20-30-40, 7 miles wide, 7 miles wide

And so you meet this guy
A regular gala had
A real house trained barbarian
And so you drop him, like a bad habit
Anything that comes along
You grab it, you grab it

10-20-30-40
10-20-30-40
10-20-30-40
15 storey halo

Yes we're all waiting
For the saving grace
Hands that soothe
Hands that smoothe the human race

Oh, we're all waiting
For a saving grace
Hands that soothe
Hands that smoothe the human race

Yes we're all waiting
For the saving grace
Hands that soothe
Hands that smoothe the human race

15 storey halo
15 storey halo
15 storey halo
