LOVE, LOVE
Love conquers all
LOVE, LOVE
Love conquers all

Making like a Romeo, making on a Juliet, she said
Maybe you're a Montague, maybe you're a Capulet
Maybe you don't trust me yet, let me light your
cigarette
Be you shark, be you jet, never forget that

Love conquers all
(LOVE love)
Love conquers all
(LOVE love)

When Bogart saw Bacall
He knew that love conquers all
(LOVE love)

(Woah, woah, woah)
It's only love, yeah
Love conquers all

(Woah, woah, woah)
It's only love, yeah
Love conquers all

Making life a monument, making love a strategy, she
said
Baby you're so confident, why the hell you asking me
Savages from hostile tribes, slug it out on alibis
All for love, all just lies, open those eyes
(Sing)

Love conquers all
(LOVE love)
Love conquers all
(LOVE love)

When hate is strong, fear stands tall
Love conquers all

(L O V E love)

(Woah, woah, woah)
It's only love, yeah
Love conquers all

(Woah, woah, woah)
It's only love, yeah
Love conquers all, yeah

Anyone who loves you
Anyone who breaks your heart
Anyone who makes you feel this way

Feelings deep enough to swim in
(Love, love, love, love)
Back stroke or crawl
(Love, love, love, love)

It's just the beginning
(Love, love love love)
Love conquers all
(Love, love, love, love)

Love conquers all
(L O V E love)
Love conquers all
(L O V E love)

You can beg, steal or crawl
(L O V E love)
Love conquers all
(L O V E love)

When hate is strong, fear stands tall
Love conquers all
L O V E, L O V E, love conquers all

(Woah, woah, woah)
L O V E, L O V E, love conquers all
(Woah, woah, woah)
L O V E, L O V E, love conquers all
