Some men seek solace
Some take to drink
Some men find knowledge, yeah
At least that's what they think

Some take to violence
Streamlining their dreams
Some sit in silence
And learn what love can mean

Much further to go
Much further to crawl
But one day you'll find
The greatest love of all
The greatest love of all
The greatest love of all

The load is tough
The path is long
Strewn with rocks, yeah
But you'd be wrong, so wrong

One single spark
Can start a prairie fire
When one man speaks truth
He fills this world with pure desire

Much further to go
Much further to crawl
But one day you'll find
The greatest love of all
The greatest love of all
The greatest love of all

One day united
One day free
You'll be rewarded
The one true path is unity

Fruit don't fall
Too far from the tree
One day we'll bathe

In true humility

Much further for truth
Much further to fall
I pray that you'll find
The greatest love of all
The greatest love of all
The greatest love of all
