It's cold outside, the night love died  
On the night you murdered love  
It's cold outside, the night love died  
On the night you murdered love

From an early age  
I was taught to respect  
That a broken heart, girl  
Ain't a thing you collect

Close your eyes and say  
Nothing lasts a day  
You're wasting my time  
Yet I love to love you

Close your eyes and say  
Honor love obey  
You're wasting my time  
Yet I love to love you

It's cold outside, the night love died  
On the night you murdered love  
It's cold outside, the night love died  
On the night you murdered love

January, February  
March and April, May  
June, July sees you go by  
I see love walk away

Didn't use a blade  
A bullet or a gun  
You poisoned the moonlight  
When you put out the sun

Close your eyes and say  
Nothing lasts a day  
You're wasting my time  
Yet I love to love you

Close your eyes and say  
Honor love obey

You're wasting my time  
Yes, I love to love you

It's cold outside, the night love died  
On the night you murdered love  
It's cold outside, the night love died, baby  
On the night you murdered

January, February  
March and April, May  
June, July sees you go by  
I see love walk away

Love to love you

Close your eyes and say  
Nothing lasts a day  
You're wasting my time  
Yet I love to love you

It's cold outside, the night love died  
On the night you murdered love  
It's cold outside, the night love died  
On the night you murdered love

It's cold outside, the night love died  
On the night you murdered love

Yes, you murdered love  
And you murdered love  
Yes, you murdered love  
And you murdered love  
Yes, you murdered love  
Yes, you murdered love  
Yes, you murdered love
