Everytime you speak  
Your insecurities shine  
True signs of the weak  
Do they think I'm blind  
I hear the things you say  
When you verbally crucify  
It's you that drive each nail  
With every spineless lie

[Bridge:]

It's always been me for me and only me  
Bitterness and I go way back  
Some find comfort in other's misery  
Heaven't you heard, never bite the hand that feeds  
I'll never turn my back on me  
Because I know that I'm on my side  
I'll be me until the end. Why can't they see  
All I've got is me, myself, and I

[Chorus:]

Me, Myself, and  
Me, Myself, and  
Me, Myself, and I

[Chorus]

Hearing the laughter behind my back  
Often makes me wonder  
Try and raise above, but they're always pulling me  
down  
So called friends, trying to pull me under

[Bridge/Chorus]

Has life forsaken me  
Once blind, but now I see  
Innocence stripped from me  
The more you give, the more they feed  
Never let them take away  
The part of me that brings me peace  
I'll never believe

I'll never trust
