Fubar, who are you? I used to know someone who
looked like you

Fubar, what's wrong with you? You cause so many
people to suffer for you

F.u.b.a.r. fubar

Fubar you're doing time the way you treat yourself is
such a crime

Fubar you're outta luck what were you thinking about,
you stupid fuck?

F.u.b.a.r. fubar

Fubar now there's no doubt you turned into what you
were warned about

Fubar you could have been something real special will
it ever end?

Fubar now it's too late you cursed yourself to a
dreadful fate

Fubar rest in peace I wonder which one of us died the
least

F.u.b.a.r. fubar
