You said you knew the but way  
I followed you but I don't like where it got me  
So trust me when I say it yes I mean it  
This is the truth there's no fine line in between it  
Trust me I got nothing to lose! Trust me I got nothing to lose!

Let go let go  
Let's go let's go  
Let go let's go  
I got nothing to lose

It's easy to choose when you've got nothing to lose!  
Sometimes it seems so different  
But for no reason my thoughts become indifferent  
Now for too long I've lost my bearing  
I pull inside but can't stop the rip and tearing  
Trust me I've got nothing to lose! Trust me I've got nothing to lose!

So hard to live, so hard to breathe, so hard to smile,  
nothing to lose!

I hate the world, I hate my life:, I hate myself, nothing to lose!  
Why can't I laugh, why can't I love, why can't I feel,  
nothing to lose!  
This ain't no threat, this ain't a ploy, it's just a fact,  
nothing to lose!  
It's easy to choose cause I've got nothing to lose!  
Nothing to lose

I got nothing to lose! ain't got nothing to lose!  
It's easy to choose when you've got nothing to lose!  
Hard life no I don't think so  
A different time and it's just the way that things go  
Maybe I got it all wrong  
I shouldn't care about their problems I'll just stay strong  
It's easy to choose cause I've got nothing to lose!
