Can you go back in time to a place in your mind  
To the one who know a part of you  
That you just couldn't find

If you ask me to choose between a memory or two  
When it's said and done  
I'll take the one who's love I had to lose

Cause when she danced  
I lost my inner sense  
I loved her danced I always will

She left with me  
But still with me  
A burnin' memory  
She took with her a part of me

If I could get back where I've been  
Feel the passion I left then  
I'd be there right now and get somehow  
It never comes again

She had nothin' to gain  
No where to go  
To the way out of pain  
The time with  
With a song and dance she lost romance  
The world had gone insane

Caused when she danced  
Caused when we danced  
I lost my inner sense  
I loved her dance  
I love  
I always will  
I always will

She left with me  
He left with me  
A burnin' memory  
Remember somehow

She took with her a part of me

Can you go back in time to a place in your mind  
To the one who knew a part of you  
That you just couldn't find

Lookin' back I'm not sure  
If I couldn't heard someone  
When she danced with me  
Our hearts were free as far as I could see

I'd be there right now and yet somehow  
It never comes again

When she danced with me  
Our hearts were free  
Were free  
As far as I could see
