You've got amazing eyes
I want to know what goes inside those eyes, all night
Got a gorgeous smile
It makes me weak, like a child
Don't wake me
Don't wake me
'Till the morning

You've got a magic touch
And I feel my breath leaving me, this rush
It's love or maybe it's

Maybe I'm a little crazy
You're in my dreams
Don't wake me
Don't wake me
'Till the morning

I know that you'll go away
I've done this before
You got those eyes that hypnotize
You've got amazing eyes
I want to know what goes on inside those eyes, all night
Don't wake me
