I could never leave you even if you asked me to
I could never say goodbye
Make you cry
Oh

I could never stumble with you walking by my side
I could never love you more than I already do

So don't walk away
Don't walk away
Don't lie
Tell me that you're gonna stay
Please don't walk away

If I made a promise I would stay by your side
It's only the beginning
I love you

So don't walk away
Don't walk away
Don't lie and tell me that you're gonna stay
Please don't walk away
Please don't walk away

Oh
When all the road is dark and dreary
You know my nature does not swell
This disposition must be washed away forever
So please don't walk away
Please don't walk away
Please don't walk away

But I could never leave you even if you asked me to
Now I could never say goodbye
Make you cry
Oh
Oh
