I'd like to say I make good use of my time while you've  
been away  
And it's true  
I've been at my piano everyday thinking of you

They talk around  
I hear them whisper  
It's the funniest thing really  
They think you're gone forever  
I know the truth  
It's just getting hard to believe it

And they all tell me it's over  
Even the stars are aligned  
And I

I follow the sign so clearly and still I fall in  
The quicksand's pulling me down  
I follow the sign so clearly and still they catch me  
The quicksand's pulling me down

I'm not the same  
I can't sleep nights and now I'm calling your name  
when I do  
And yet without you they say I get on better  
Better  
Better

When they all tell me it's over  
I'll damn the Gods until the stars are aligned  
And I

I follow the sign so clearly and still I fall in  
The quicksand's pulling me down  
I follow the sign so clearly and still they catch me  
The quicksand's pulling me down

Look at my life and look at my face  
Can't you see my heart bleeding down my sleeve

You're holding my hand and holding my heart  
But I just wanna feel your breath inside me so I can

breathe

Somewhere in the distance I catch a spark  
A grace  
A hope  
Something that makes me feel like I'm alive

It's never too soon  
It's never too late so I start screaming out  
I see your face  
I see your hand reaching down and I yell to you  
And I say

I follow the sign so clearly and still I fall in  
The quicksand's pulling me down  
I follow the sign so clearly and still they caught me  
The quicksand's pulling me down

I follow the sign so clearly and still I fall in  
The quicksand's pulling me down  
I know you can feel me rising  
And I'm on fire but they keep on pulling me out  
Out

Look at my life and look at my face  
And look where I've come to get to this place with you

Sitting there at your feet and rest in your arms  
And listen to your heartbeat  
Ah  
Ah

Oh  
Oh  
Oh  
Oh  
Oh  
Oh  
Oh  
Oh

Oh  
Oh  
Oh  
Oh  
Oh  
Oh  
Oh  
Oh

Oh  
Oh  
Oh

Oh  
Oh  
Oh  
Oh
