I'm a frantic unsatisfied woman when the day grows long

And I can't seem to settle down

Then slowly grows our little faith I hang my hat on

Everyday my dreams will get bigger

Then I hear there's nothing I can dream hasn't been dreamt before

So I water my little faith and hope for the better

I know there's so much more for me

I know there's so much more

So much more than I can see

So won't you come to me

I'll be the first one waiting

I'll be the last to leave

Promise you'll come to me

I'll give you anything

I'll give everything you need

And did I mention that I'm in lack of a loving hand

And the nights grow long and I can't seem to start again

Then slowly grows a little light

Breaks through my shadow

Breaks through my shadow

I know there's so much more
So much more than I can see
So won't you come to me
I'll be the first one waiting
I'll be the last to leave
Promise you'll come to me
I'll give you anything
I'll give everything you need
Oh
And all along
Yes
You knew all along
You knew me all along
You know what I need
Oh I
Come to me
I'll be the first one waiting
I'll be the last to leave
Come to me
I'll give you anything
I'll give everything you need
