Dance

Don't hold up the wall, come on  
You know you hear your song playing

Move on the floor, lets go

Tonight it's all on you

Where the music takes you within your body

We're just getting started

This party's calling your name, hey so

Get up, get moving, put your hands in the air

Party like we don't have a care in the world

Just let it take you there

Let your heart beat the dance floor

And go with the rhythm, rhythm

You better move, move, move with the crowd

You better groove, groove

Show 'em how you get down

Just let it take you there

Let your heart beat the dance floor

And go with the rhythm, rhythm

And move with the crowd

Sing it with me all together

Hand in hand let's all remember

Move your body's what you came for

Want to see you on the dance floor

Sing it with me all together

Hand in hand lets all remember

Move your body's what you came for

Want to see you on the dance floor

Tell the DJ turn it up

Off the wall, move your feet, show it off

Pop it, pop it, lock it, lock it

Show me how you rock it, rock it  
Don't stop it, don't stop it, na na na na na na

Get up, get moving, put your hands in the air  
Party like we don't have a care in the world  
Just let it take you there  
Let your heart beat the dance floor  
And go with the rhythm, rhythm

You better move, move, move with the crowd  
You better groove, groove  
Show 'em how you get down  
Just let it take you there  
Let your heart beat the dance floor  
And go with the rhythm, rhythm  
And move with the crowd
