Picture perfect everything was worth
It until that earthquake hit you out of focus,
You can't controll it your world is broken
Looking down at the peices
You start to realize all this time
You wasted on complaining
You'll never get it back
You shouldve been appreciating your life
But it's never to late
To put the peices back together
With a whole new wide frame
Lifes a jigsaw puzzle a mind game
Each and everyday counts save the moment
Is love worth it? do I deserve it?
Stop asking questions won't you go ahead and earn it
You got one life to live,
(I'm gonna live it up, I'm gonna live it up)
You got one live to love,
(I'm giving all my love, I'm giving all my love)
You got one life to live
(I'm gonna live it up, I'm gonna live it up)
You got one life to love
(I'm giving all my love, I'm giving all my love)
Love, Love
I'm not perfect no one on this earth is
But I'm learning what love is
It's a maze called life we struggle and we fight
To get to know love like we know wrong versus right
When everything is said and done you look around and see you got no one
Thers nothing you can do there's nothing you can say
But wish that you had love
A life to give and take
Lifes a jigsaw puzzle a mind game
Each and everyday counts save the moment

Is love worth it? do I deserve it?
Stop asking questions won't you go ahead and earn it
You got one life to live,
(I'm gonna live it up, I'm gonna live it up)
You got one live to love,
(I'm giving all my love, I'm giving all my love)
You got one life to live
(I'm gonna live it up, I'm gonna live it up)
You got one life to love
(I'm giving all my love, I'm giving all my love)
Love, Love
I'm giving all my love
Love, love
Look in the mirror and tell me what you see?
Are you everything that you wanna be?
They say a picture is worth a thousand words
But when you L-O-V-E sometimes it hurts
Don't be a victim of hateful life
Everybody need love to survive,
(Survive)
I will survive
You got one life!
You got one life to live,
(I'm gonna live it up, I'm gonna live it up)
You got one live to love,
(I'm giving all my love, I'm giving all my love)
You got one life to live
(I'm gonna live it up, I'm gonna live it up)
You got one life to love
(I'm giving all my love, I'm giving all my love)
As long as I live I'm gonna love!
Love!
I'm giving all my love
As long as I live I'm gonna love
I'm givin all my love
