“Soldier Girl”

Verse 1

Haterade – comes in many flavors, pick one  
Can’t nobody knock you off, long as you on yo ten hut  
Said I couldn’t get it done, I did it, now so then what,  
then what  
Swag in tact, I got it done and then some

Pre Hook

Yeah Coming through... Captain in the building...  
Throw up your salute  
Comin up out them hoops, And I’m lacing up my boots  
What you wanna do, what you wanna do?

Hook

What? You act like you aint never seen no soldier girl  
Where you from they don’t be up on them soldier  
girls?  
Come rain or sunshine, I’ll be on the front line  
I ride... for my soldier girls  
What? You act like you aint never seen no soldier girl  
Where you from they don’t be up on them soldier  
girls?  
Come rain or sunshine, I’ll be on the front line  
I ride... for my soldier girls

Verse 2

Shout to my girls goin hard on the block block  
Yall put up yo ones and let ‘em know just how you rock  
rock  
Get red carpet with it, do it do it like a star star  
Boss... floss... like you know who you are
