I love the way you talk to me  
Swear this is how it's supposed to be  
Love how you keep it real  
Love how you make me feel  
And that's just what it is

See I can't even lie  
I love the way you be looking me  
like dead up in my eyes  
Cause that's the look you give  
to let me know everything's alright  
Long as you down, I'm gon' be down  
And that's what I like  
They don't even have a clue  
The chemistry we share  
That's between me and you  
And they hating and they mad  
cause they can't do what we do  
Cause no matter what I'm gon keep it  
one hundred with my boo

I love the way you talk to me  
Swear this is how it's supposed to be  
Love how you keep it real  
Love how you make me feel  
And that's just what it is

I'm a hold it down for you  
Cause baby you my boo  
I love the way you talk that talk  
and everything you do  
I love the way you dress  
Oh baby, you be fresh  
Love everything you do to me  
cause baby you the best

And now they all on my Instagram  
Blowing up my phone  
Checking on my Twitter  
They mad cause we on  
They all in my grill

when I'm thugging with my boo  
Ain't tryna make em mad on purpose  
I'm just doing what I do  
Matching rollies with the big faces  
Telling time in 6 different places  
Turned up in that spaceship  
Slow motion, matrix  
You got that good and they basic  
See the hatin' all in they faces  
I like what you say  
But I love how you say

I love the way you talk to me  
Swear this is how it's supposed to be  
Love how you keep it real  
Love how you make me feel  
And that's just what it is

I'm a hold it down for you  
Cause baby you my boo  
I love the way you talk that talk  
and everything you do  
I love the way you dress  
Oh baby, you be fresh  
Love everything you do to me  
cause baby you the best

Keep saying what you're saying  
what you're saying  
what you're saying to me, baby  
Keep saying what you're saying  
what you're saying  
what you're saying to me, baby  
Keep saying what you're saying  
what you're saying  
what you're saying to me, baby  
Keep saying what you're saying  
what you're saying  
what you're saying to me, baby

I love the way you talk to me  
Swear this is how it's supposed to be  
Love how you keep it real  
Love how you make me feel  
And that's just what it is  
And that's just what it is
