Got this endless itch to ride  
Into the night  
Fortune cookie says I'm right  
Kung Fu like

Shake your body, Mister  
Gonna make ya body blister  
Say hey, hey, hey

Don't wanna have ta make ya  
I don't wanna have ta shake ya down  
Hey, hey, hey

I'll take ya till ya all spun up  
Fit or fat or doesn't matter what you got  
I'll take ya till ya all spun up  
And in love into the nightlife

I'll take ya till ya all spun up  
Turn ya over, baby, till it's never enough  
I'll take ya till ya all spun up  
And in love, into the nightlife  
Love into the nightlife

Want to dress for you tonight  
Under the light  
Shot up like a satellite  
Into the night

Shake ya money maker  
I will never be a faker  
Now, hey, hey, hey

Leave 'em standing, waitin'  
Till they're practically faintin'  
Now, hey, hey, hey

I'll take ya till ya all spun up

Fit or fat or doesn't matter what you got  
I'll take ya till ya all spun up  
And in love and into the nightlife

I'll take ya till ya all spun up  
Turn ya over, baby, till it's never enough  
I'll take ya till ya all spun up  
And in love, into the nightlife  
Love into the nightlife

Shirtless wonders wreck my sight  
Shirtless wonders wreck my sight  
Under the light

I'll take ya till ya all spun up  
Fit or fat or doesn't matter what you got  
I'll take ya till ya all spun up  
And in love and into the nightlife

I'll take ya till ya all spun up  
Turn ya over, baby, till it's never enough  
I'll take ya till ya all spun up  
And in love, into the nightlife  
Love into the nightlife

Into the nightlife  
Into the nightlife  
Into the nightlife

Shirtless wonders wreck my sight  
Under the light
