I pity the fool
Yeah, I pity the fool

That falls in love with you
And expects you to be true
That's why I pity that fool

Chorus:
Â Â look at the people
Â Â i know you wonder what they're doing
Â Â they're just standing there
Â Â watching you make a fool of me

(repeat chorus)

Oh, I pity the fool
Yeah, I pity the fool
Hey, I pity the fool
I pity the fool that falls in love with you

He'll break your heart one day
And he'll laugh and go on his way
That's why I pity that fool

(repeat chorus)

I pity the fool...
I pity the fool that gives her heart to you

He'll take her heart away
And he'll find another fool to play
That's why I pity that fool

(repeat chorus)
